

Polyester Polyurethane PUR-TRIO hoses

Temperature range

-35 °C to +60 °C

PUR hoses are welded together to form hose groups. For the installation, the hose group is separated at both ends to the desired length.

Note: Use exclusively in combination with union nuts.

Can be delivered ex warehouse

Roll length: 50 m

Colour (abbreviation)

We deliver PUR-DUO hoses in:

DUO hoses
blue / black
(bl / sw)

TRIO hoses
blue / black / natural
(bl / sw / nf)

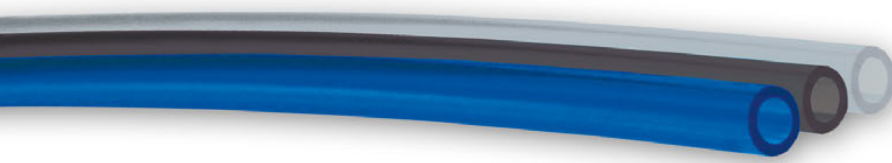

QUATRO hoses
blue / black / natural / green
(bl / sw / nf / gn)

Tolerances

See page A 36
